COMMISSION ON AUDIT
Commonwealth Avenue, Quezon City

INDEPENDENT AUDITOR'S REPORT

The Executive Director

Public-Private Partnership Center of the Philippines
National Economic and Development Authority
Quezon City

We have audited the accompanying financial statements of the Public-Private Partnership Center of the Philippines, which comprise the statement of financial position as at December 31, 2014, statement of financial performance, statement of changes in net assets/equity, statement of comparison of budget and actual amounts and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Philippine Public Sector Accounting Standards (PPSAS), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Philippine Public Sector Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance that the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

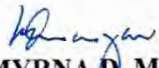

The unreliability of the consolidated carrying amount of the PPE of P64,754,782.82 due to the unreconciled difference of P15,682,720.97 between the accounting records and the Report on the Physical Count of Property, Plant and Equipment had affected the fair presentation of the financial Statements.

Opinion

In our opinion, except for the effect of the matter described in the Basis for Qualified Opinion paragraph, the financial statements present fairly, in all material respects, the financial position of the Public-Private Partnership Center of the Philippines as at December 31, 2014, and its financial performance and its cash flows for the year then ended in accordance with Philippine Public Sector Accounting Standards.
