This Supplemental Bid Bulletin shall form part of the Bid Documents. Any provision in the Bid Documents inconsistent herewith is hereby amended, modified and superseded accordingly.

Issued this 4th day of December 2019.

FEROISA FRANCISCA T. CONCORDIA Chairperson, Bids and Awards Committee

Technical Specifications

Bidders must state here either "Comply" or "Not Comply" against each of the individual parameters of each Specification stating the corresponding performance parameter of the equipment offered. Statements of "Comply" or "Not Comply" must be supported by evidence in a Bidders Bid and cross-referenced to that evidence. Evidence shall be in the form of manufacturer's un-amended sales literature, unconditional statements of specification and compliance issued by the manufacturer, samples, independent test data etc., as appropriate. A statement that is not supported by evidence or is subsequently found to be contradicted by the evidence presented will render the Bid under evaluation liable for rejection. A statement either in the Bidders statement of compliance or the supporting evidence that is found to be false either during Bid evaluation, post-qualification or the execution of the Contract may be regarded as fraudulent and render the Bidder or supplier liable for prosecution subject to the provisions of ITB Clause 3.1(a)(ii) and/or GCC Clause 2.1(a)(ii) Item.

	4.1. V	Mware License	Subscription Renewal	

Specification	Statement of Compliance
 Provide 1 year Software License Subscription Renewal for the VMware software as listed above Provide 1 year Preventive Maintenance Support Services with the following coverage: VMware Basic Support and Subscription Service Conduct the scheduled twice a year VMware Virtualization Health check Service and monitoring of One (1) Data Center with: ✓ Four (4) VMware vCenter Server ✓ Thirty-two (32) VMware ESXi hosts 	
 4.2 Servers and Storage Equipment covered under Extended Warranty Provide 1 year Warranty Extension for the following Servers and Storage Equipment as listed above. Provide 1 year Preventive Maintenance Support Services with the following coverage:	
4.3 Other Scope of Work Common to VMware License Subscription Renewal and Equipment Covered by Extended Warranty and Preventive Maintenance	
 4.3.1 VMware Virtualization Health Check Service and Monitoring covering the following: a. Examine the VMware VSphere Infrastructure setup b. Validate technical consistency examining the use or good practice c. Identify potential areas of system degradation and bottlenecks d. Identify gaps in current practices and areas of concern e. Provide remediation recommendations 	

	Specification	Statement of Compliance
4.3.2	Provide document of Basic Support and Subscription Service for VMware covering the features, support and Health Check Service checklist	
4.3.3	Conduct of the initial meeting and assessment of the PPPC computing setup, configuration, high availability and redundancy based on the list of equipment, software and virtualization above. Submit a utilization report and recommendation in any gap and defects found during the initial assessment within 5 working days	
4.3.4	Recommend improvement and provide solution based on the initial assessment (i.e. server V-motion, VMware, primary and secondary Exchange, AD and Sharepoint, memory allocation and disk requirement among others)	
4.3.5	Submit work plan or checklist of activities and strategy to monitor system performance (server/connectivity/virtualization/storage) to be conducted within the contract period.	
4.3.6	Response time of not more than four (4) hours after receipt of call for on-site support to troubleshoot major issues.	
4.3.7	Provide high quality assurance in all work and maintain uptime of the above listed components included in this contract.	
4.3.8	If the ICT unit//component is repairable, repair and return the same within 15 calendar days after pull-out from the PPP Center premises.	
4.3.9	If the ICT unit//component is diagnosed as defective, replace the same within 30 calendar days. Please refer to the Schedule of Requirements in this TOR.	
4.3.10	Provide escalation level procedure including manufacturer's assistance, subject to PPP Center's review and approval.	
4.3.11	Provide on-site technical support for all reported major issues which cannot be resolved via remote technical support (email/phone call/chat),	
4.3.12	Perform firmware/software update if available or as advised by PPP Center.	
4.3.13	Maintain an inventory of equipment, components, applications, servers, software licenses, and other equipment updated to be submitted after three (3) working days after the conduct of the maintenance visit.	

	Specification	Statement of Compliance
4.3.14	Ensure availability of affected services by migrating them to other available resources and/or provide replacement parts of malfunctioning component when deemed necessary.	
4.3.15	Submission of Final Technical Documentation as specified in Section VI - Schedule of Requirements - i.e updates/upgrades, maintenance, repair, assessment, recommendations and any adjustments in the setup configuration of the listed equipment.	
4.4 M	icrosoft product Preventive Maintenance Support Services	
	Provide 1 year Preventive Maintenance Support Services with the following coverage: a. Provide technical expertise, support and services on Microsoft product resolving any issues or cases. b. Review any updates provided by Microsoft and install if applicable. c. Provide mission critical technical support 4HR (24x7) (4 hrs. response on-site 24x7) Next Business Day 5x8 onsite support Scheduled quarterly preventive maintenance/health check monitoring. d. Any other provisions applicable in item 4.3 Scope of work - Other Scope of Work Common to VMware License Subscription Renewal and Equipment Covered by Extended Warranty and Preventive Maintenance	
	ification Requirements of the Comprehensive Preventive tenance and Support Services Provider	
t I	The Service Provider should be an established ICT integrator, and support and services company at least within 5 years and has the capacity and ability to provide preventive repair and maintenance support services and technical advisory for the period required.	
	Must be an Authorized Distributor, Reseller, Partner or Dealer of the Equipment Manufacturer.	
	Must have certified engineers who should be always available to conduct maintenance services.	

	Specification	Statement of Compliance
	5.4 Must have at least one of these certifications e.g. CompTIA Server+, Dell PowerEdge Specialist, etc.;	
	 * Project Completion Certificate should indicate that the services provided was satisfactorily and successfully completed. * Similar contracts shall refer to the corresponding technical requirements as specified above (i.e. similar in applications, configurations, servers and storage management and administration, repairs, and maintenance). 	
6	Responsibility of the Comprehensive Preventive Maintenance and Support Services Provider	
	6.1 Provide the comprehensive preventive maintenance, health check and support services to the PPP Center as indicated in the scope of work	
	6.2 Provide and process the warranty extension for hardware and renewal of licenses for the software as indicated in the above list of ICT components	
	6.3 Ensure safety of the systems and personnel during the conduct of preventive maintenance;	
	6.4 Provide the necessary tools/ equipment/ materials/trainings/ analyzers to the qualified engineers during the conduct of maintenance services but subject to the review and approval of the MISD;	
	6.5 Coordinate with MISD any activities such as testing, shutdown, repair, cleaning, integration, transfer, migration, decommissioning/commissioning among others during the maintenance or incident period to avoid disruption within PPP Center and other offices. Those major activities to be conducted must be accompanied with a work plan, to be submitted prior to such activity.	
	6.6 Set schedule and notify PPP Center in advance of all activities to be conducted i.e. shutdown, upgrade, update, maintenance that may cause interruptions;	
	6.7 Provide an escalation procedure and contact focal person (team lead) in the conduct of maintenance services;	
	6.8 Responsible for any escalation to request an expert support from their partner or from the manufacturer without additional cost to the PPP Center;	

	Specification	Statement of Compliance
6.9	Orient/train the PPP Center personnel in the activities/changes in configuration rendered on ICT component listed.	•
6.10	Perform software update, upgrade, patches or individual fixes for product defects critically affecting the operation of the Center.	
6.11	Provide report and recommendation in every services conducted.	
6.12	Orient/train the PPP Center personnel in the activities/changes in configuration rendered on ICT component listed, within three (3) days after the conduct of activities in item 4 above, if any.	
6.13	Shall respond to request for maintenance and support services at no cost to PPP Center;	
6.14	Submit a regular Accomplishment Report (Certified True and Correct by the Head of the Service Provider) for each personnel conducting regular site visit to the PPP Center three (3) working days after the conduct of the activity.	
6.15	The service provider shall not replace personnel except for justifiable reasons. The replacement personnel shall have the same or better qualifications as stated in the qualification requirements above. A written notice shall be submitted to the MISD five (5) days before the effectivity of his last assignment in the PPP Center.	
6.16	In case of replacement, a proper turn-over and knowledge transfer should be conducted between the previous and replacement personnel and shall be witnessed by the MISD.	
6.17	Assign new qualified personnel in case the PPP Center request for replacement of the personnel conducting regular maintenance service or technical support.	
6.18	Follow any procedures, internal policies, instructions, privacy and guidelines by the PPP Center.	
6.19	Provide the name and curriculum vitae of the engineer(s) assigned in conducting the support services.	
6.20	Ensure Availability of Engineers	
	The engineer(s) will be available during the agreed date in the initial meeting: • At least 1 engineer available during the regular visit.	

	Specification	Statement of Compliance
	 In addition, engineer(s) will also be available to provide 8 x 5 technical support during the same working hours at any day including holidays as needed in response to a service call or any other mode of communication made by Public-Private Partnership Center of the Philippines (PPPCP). For problem reported after 4:00 PM, services shall be rendered in the morning at 9:00 AM of the following business day; The engineer(s) should have solid experience in server, storage, Microsoft software, application, disk management/reclamation, upgrade, commissioning/decommissioning and operating system administration. Assignment control such as planning, deployment, required skills and experience, etc. 	
7	Responsibility of the PPP Center	
	 7.1 Report to Service Provider any occurrence of downtime, problems encountered for remedy or problem resolution. 7.2 Provide schedule visit and assistance in the conduct of 	
	preventive maintenance; 7.3 Assist and Monitors the activities conducted by the preventive	
	maintenance provider; 7.4 Manage the existing systems after the conduct of each	
	maintenance; 7.5 Allow the service provider to access to the Data Center and	
	access to all servers and storage	
	7.6 Brief the maintenance provider on the support and services scoping	
	7.7 Review the work of maintenance provider for possible renewal of service	
	7.8 Review the report and any documentation submitted by the Service Provider	
	7.9 Issue a Certificate of Satisfactory Service for a completed work rendered within the contract period.	
8	Confidentiality of Data	
	8.1 All personnel who will enter the PPP Center premises will be required to sign a Non-Disclosure Agreement (NDA).	
	8.2 All servers, disks, databases, applications, technical specifications, technical and non-technical materials, server inventories, network diagrams, work plans, letters and all other papers and records (in whatever form printed, stored	

Specification	Statement of Compliance
or recorded) pertaining to the services provided to the PPP Center shall be the property of the PPP Center.	-
