3. Consultant Recruitment (for PDMF-supported Projects)

This process covers the selection of a consulting firm from the appropriate panel established during the prequalification of consultants. Through the Technical Assistance (TA) 7796, an international and an executive agreement between the Government of the Philippines and the Asian Development Bank (ADB), ADB cofinanced to the Project Development and Monitoring Facility for the preparation, competitive bidding, negotiation, and monitoring of environmentally sustainable PPP projects. Applying the provisions in Republic Act No. 9184 allowing observance of international or executive agreement, the ADB Guidelines on the Use of Consultants (2013) (ADB Guidelines) is used in selecting, contracting, and monitoring consultants under the prequalified PDMF Panel of Consultants.

The procurement and the timeline are based on the Request for Proposals (RFP), as prescribed under ADB Guidelines, with the processing time laying down the period, instead of a schedule/date, of a certain activity. The procurement is in the nature of a competitive bidding with the beneficiaries covering various IAs. The engagement of a consulting firm for an assignment will be through the execution of a call-down assignment contract (Contract for Consultant's Services) between the PPP Center and the consulting firm, with the *conformé* of the concerned IA.
